

REISSUE APPLICATION DECLARATION
AND POWER OF ATTORNEY BY INVENTOR

Docket Number
520.30414R49

As a below named inventor, I hereby declare that:

My residence, mailing address and citizenship are stated below next to my name.
I believe I am the original, first and sole inventor (if only one name is listed below) or an original, first and joint inventor (if plural names are listed below) of the subject matter which is described and claimed in patent number **6,332,280 B2**, granted **December 25, 2001**, and for which a reissue patent is sought on the invention entitled **VACUUM PROCESSING APPARATUS**, the specification of which

_____ is attached hereto

XX was filed on **February 1, 2002** as reissue application number **10/060,204** and was amended on _____.

I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 C.F.R. § 1.56.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

_____ by reason of a defective specification or drawing.

XX by reason of the patentee claiming more or less than he had the right to claim in the patent.

_____ by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

Patentees claimed less than they had a right to claim, in patent claim 6, in reciting that in the vacuum processing chamber a processing selected from the group consisting of dry etching, chemical vapor deposition and sputtering is performed; reissue application claim 6 deletes recitation that in the vacuum processing chamber, a processing selected from the group consisting of dry etching, chemical vapor deposition and sputtering is performed.

I/We hereby claim benefit under Title 35, United States Code § 119 of any provisional application(s) for patent or inventor's certificate listed below and have also identified below any foreign application for patent or inventor's certificate having a filing date before that of the foreign application(s) on which priority is claimed:
